- Any other

How does it work?

SAVIOR CCS works either linked with the SAVIOR Time and Attendance systems (ideal for employees using corporate canteens) or as an Independent Canteen module.

SAVIOR Readers (Smartcard / Fingerprint / Biometric based) are installed where employees / Visitors / guest / users will record the Canteen facility used / consumed and this data is linked to PC for generation of reports / employee deductions.

SAVIOR can also provide Point based Independent CCS (ideal for cafeterias run by contractors where use is based on pay per use or coupon systems, where there is no link to or deduction from salary. Users can be given Smart Cards with points which can be redeemed against facilities used in the Canteens / Cafeterias etc.

Users can recharge their smart cards at the recharge points provided at authorized counter within the Canteen.

Features:
