

# Parking Solution

## **About:**

SAVIOR offers a Hardware and Software based comprehensive solution for Parking solution which is useful for –

- Parking for housing complexes
- Parking in Hotels
- Office Parkings
- Markets and Shopping Malls
- Any other

## **How does it work?**

SAVIOR Parking solution works either linked with the SAVIOR Time and Attendance systems (ideal for employees using Office Parkings) or as an Independent Parking module.

SAVIOR Readers (Smartcard / Fingerprint / Biometric based) are installed where employees / Visitors / guest / users will record the Parking facility used / consumed and this data is linked to PC for generation of reports / employee deductions.

SAVIOR can also provide Point based Independent Parking Solution (ideal for parkings run by contractors where use is based on pay per use or coupon systems, where there is no link to or deduction from salary. Users can be given Smart Cards with points which can be redeemed against use of parking facility.

Users can recharge their smart cards at the recharge points provided at authorized recharge counter.

## **Features:**

- Smart Card / Smart Card + Biometric / Biometric based solutions.
- Multi Parking handling.
- Suitable for Office and Independent Parkings.
- Time Office / Payroll linked solution.
- Provision for Guest / Visitor.
- Point Based solution.
- Any time usable model.
